### **Professional Summary**

Core-level Behaviour Support Practitioner (under supervision) supporting NDIS participants, families, and provider teams with Positive Behaviour Support strategies. Practice is person-centred, trauma-informed, and aligned with NDIS Quality and Safeguards requirements. NDIS Behaviour Support Practitioner application submitted and pending.

### **Professional Background**

Senior Complex Support Needs Planner with the National Disability Insurance Agency (NDIA), supporting participants with complex psychosocial, behavioural, and functional needs. Experience includes assessment, safeguarding, multidisciplinary collaboration, and high-quality professional documentation.

### **Behaviour Support Practice (Under Supervision)**

Contribution to functional behaviour assessment, Behaviour Support Plan development, implementation support, and reflective practice under supervision in accordance with the NDIS Behaviour Support Capability Framework.

### **Core Service Areas**

- Functional behaviour assessment support (under supervision)
- Behaviour Support Plan (BSP) development and review
- Implementation support and coaching
- Behaviour-related risk identification and safety planning

### **Qualifications**

- Bachelor of Biomedicine
- Master of Arts
- NDIS Behaviour Support Practitioner training modules

### **Registration Status**

Behaviour Support Practitioner application submitted and pending. All behaviour support work undertaken under supervision and in line with NDIS requirements.
